## What's Included in Every Support Plan?

### Managed WordPress Updates

We make sure that your site is always running the latest version of WordPress. All updates are checked and applied with the greatest amount of care.

### Daily, Off-site Backups

Never worry about data loss again. We back up your site securely to a rock solid off-site location on a nightly basis.

### 24/7 Security Monitoring

We'll monitor your site 24/7, protecting it from hacks, and other attacks. If an incident does occur we'll get you up and running again in no time.

### Friendly, Helpful Support

We love our clients, and our 100%-based US team takes personal pride in every site we maintain. We treat every site like it was our own.

### Performance Optimization

Things running slow? We can help. We can resolve bottlenecks on your site, and boost performance. Need a better host? We've got you covered as well.

### Custom Development

Our developers have extensive experience building custom themes and plugins. We utilize best practices and deliver stunning results.

## How Do I Get Started? Easy, just three simple steps. Here's how to begin:

### 1. Choose a Plan, Get Signed Up

Select your WordPress maintenance plan, and sign up using our secure checkout page. You'll now have access to our secure support portal, and we can get started! We'll need to collect your site login information, so it's good to have that handy.

### 2. We Go to Work for You!

We'll add our monitoring tools, and update your site to make sure everything is running smooth. One of our developers will contact you so we can discuss any issues with your site, and any plans for future development.

### 3. Sit Back, and Relax!

That's it! Sit back, and relax! Our team will update, optimize, and keep your site running clean. You'll be able to submit work requests in our support portal. We'll update you monthly, with reports and suggestions for improving your site.
